

HEAVY-DUTY OVER-THE-BUCKET FORKS

MANUFACTURED IN NORTH AMERICA

Add the versatility of a forklift to your loader with a Star Industries Over-the-Bucket Forks. We also sell CTI buckets forks with adjustable tine spacing that will fit buckets with or without teeth and that can be use on multiple loaders.

- Forged from one piece of premium-grade carbon-steel.
- Come with standard ¾-inch brackets.
- Operators can fit and remove the forks alone.
- No tools needed and operators don't even have to leave their seat.

6 REASONS STAR FORKS ARE BETTER

- 1 **Local manufacturing.**
All forks are manufactured in North America and only from high-grade certified materials.
- 2 **No shortcuts.**
All forks are forged from a single piece of steel, then fully heat-treated, quenched and tempered for a minimum yield strength of 825 Mpa.
- 3 **Certified production methods.**
Welding processes are certified in accordance with ISO 3834-2.
- 4 **Rigorous testing.**
Fork heels and welds are subjected to full MPI crack-testing on all welds and the heel area by certificated operatives.
- 5 **Full part traceability.**
Each fork is stamped with manufacturer's identification, specified capacity and load centre, week of manufacture and production works order number.
- 6 **Standards-compliance.**
All forks are guaranteed to meet or exceed the requirements of the national and (such as ISO2328 and ISO2330 and ANSI ITSDF B56.11.4) with regards to mounting details, load-, fatigue- and impact-tests.
